Aneesh Chopra, Chair

Key Verification Interfaces

Gina Garza, Internal Revenue Services (IRS)
Paul Swanenberg, Social Security Administration (SSA)
John Roessler/Leslie Hope, Department of Homeland Security (DHS)
Garland Land, EVVE

Standards

- Where would additional standardization make a big difference in ease of use, timeliness, efficiency, reduction in complexity? Is it candidate standards?

Security/Authentication

- What should be the requirements for secure interfaces?

Data Re-use

- What are the strategies to evolve data re-use policies to support a more streamlined process for consumers?

Opportunities to Modernize

- What will it take to move to real-time, web services models? Will it take retrieving verification data and pre-filling forms? What issues will need to be addressed?

Consumer-Mediated vs. Business-to-Business (B-to-B) Model

- What changes would be necessary to move to consumer-mediated approach? What are the opportunities? What are the challenges?
- What are the benefits and costs of B-to-B vs. consumer-mediated models?

1:00 p.m. **Discuss Initial Recommendations**

Aneesh Chopra, Chair

Sam Karp, Co-Chair

1:45 p.m. **Public Comment**

2:00 p.m. **Adjourn**
